VOCABULARY LIST

Key English Test (KET)

Introduction to the KET Vocabulary List

The KET Vocabulary List gives teachers a guide to the vocabulary needed when preparing students for the KET examination.

Background to the List

The KET list was originally developed by Cambridge ESOL in consultation with external consultants to guide item writers who produce materials for the KET examination. It includes vocabulary from the Council of Europe's Waystage (1990) specification and other vocabulary which has been shown by corpus evidence to be high-frequency.

The list covers vocabulary appropriate to this level of English and includes receptive vocabulary (words that the candidate is expected to understand but which is not the focus of a question), and productive vocabulary (words that the candidate needs to know in order to answer a question).

The list does not provide an exhaustive list of all words which appear on the KET question papers and candidates should not confine their study of vocabulary to the list alone.

How the List is Updated

The vocabulary of English changes over time, with words being added and other words falling into disuse. In order to maintain its currency, the list is updated on an annual basis by the addition and removal of words, using a corpus-based approach. Suggested additions to the wordlist are collated and the frequency of these words is obtained by reference to established corpora (electronic databases). The corpora in question represent receptive and productive language in general contexts. The main corpora used for the validation of the KET Vocabulary List are:

- the Cambridge Learner Corpus (CLC) which includes over 20 million words of written learner English;
- the British National Corpus (BNC) which includes 100 million words of written and spoken native speaker data.

Organisation of the List

- **Word sets**

Some categories of words a learner at this level might be expected to know are not included in the alphabetical list but are listed separately. Words formed with common affixes, some compounds and words from some common word sets, e.g. days of the week are described below and in Appendix 1. Although some 'grammar words' (pronouns, modals, etc.) are included, the 'Language Specification' section of the KET Handbook (available under 'Downloads') should be consulted for a more complete listing.

- **Exemplification**

Example phrases and sentences showing how words might be used are given only where words with different meanings need to be constrained e.g. the use of *bank* is followed by 'I changed my money in a bank' i.e. is limited to the idea of a financial institution: candidates are not expected to know other meanings, such as 'a river bank'.

- **Prefixes and Suffixes**

A list of possible prefixes and suffixes is provided in Appendix 2, and these may be combined with the vocabulary items in the list as appropriate. Words with an affix which is not included in the appendix are listed separately in the alphabetical list.

- **Compound Words**

Compound words are not included in the list where both individual words are present and the meaning of the compound is literal and transparent, e.g. *coursebook*, *school children*, *shopping centre*.

- **Multi-word Verbs**

All multi-word (or phrasal) verbs that a KET candidate might be expected to know are included in the list. These verbs include 'literal' verbs (i.e. where the meaning is transparent) e.g. *sit down*, *go out* and 'non-literal' verbs e.g. *look after*, *get up*.

- **Topic Lists**

In Appendix 3 words have been grouped together under common KET themes, such as 'The Home', 'Jobs and Work', 'Food and Drink'.

Unsuitable Topics

Cambridge ESOL examinations must not contain anything that might offend or upset candidates, potentially affect their performance or distract them during the examination. A number of 'sensitive' topics are considered unsuitable for use in KET, for example, war and politics, and vocabulary relating to these is not included in the Vocabulary List.

Personal Vocabulary

The content of the KET list is general in nature and is unlikely to cover completely the productive vocabulary that may be required by candidates. Candidates should know the specific lexis they will need to describe themselves and their lives, for example, work, hobbies, likes and dislikes.

Abbreviations

Abbreviations used in the Vocabulary List are:

abbrev	abbreviation or acronym
adj	adjective
adv	adverb
Am Eng	American English
art	article
Br Eng	British English
conj	conjunction
det	determiner
exclam	exclamation
int	interjection
